Adobe Creative Cloud for teams

Unleash limitless creativity and collaboration to power your business's success.

Adobe Creative Cloud for teams gives you the world's best creative apps and services in a single, secure, integrated platform. Now your creative team can design incredible content for virtually any medium, boost productivity with tools that improve collaboration and brand consistency, and achieve success faster with easy access to the right talent, amazing creative assets, and intuitive learning content. Plus, you can count on simplified license management and total control over your software to help your team stay focused on creating great work.

Create for virtually any medium with 20+ apps.
Design the highest-quality work for print, web, video, mobile, voice, and immersive media using the latest versions of Creative Cloud apps. Experience new creative freedom with Adobe Illustrator on the iPad. Use the faster, smarter, easier Adobe Photoshop, which includes AI-powered features like automatic sky replacement Neural Filters. When you need to work remotely, create scenes and textured models in 3D or design immersive augmented reality experiences with Adobe Aero. And create digital document experiences with Adobe Acrobat Pro that help you stay connected and productive anywhere you work.

Discover easy ways to work better together.
Share a link to your Photoshop, Illustrator, and Adobe Fresco cloud documents—anyone can view and comment via the web, no need for a paid Creative Cloud membership. Easily view the version history of a cloud document and restore previous versions for up to 60 days. Invite collaborators to contribute to your creative work right from favorite apps like Photoshop, Illustrator, and Fresco.* Get 1TB of storage per user to easily create and manage assets. And work more productively with the apps you use every day thanks to integration with Microsoft Teams, Slack, and other key business tools.

Maintain brand consistency.
Help ensure a consistent look and feel across all your business assets by sharing colors, images, and other elements of your creative system across apps and devices using Creative Cloud Libraries. They're available inside your Creative Cloud apps as well as Microsoft Word, PowerPoint, Gmail, and Google Suite. Use the Creative Cloud Libraries API to fully integrate Libraries into your design workflows and get flexible access to your creative elements and designs.

Get the assets, resources, and help you need.
Build a best-in-class creative team with the integrated Adobe Talent job posting service. Find fonts, colors, templates, and creative assets using Adobe Fonts, Adobe Color, and Adobe Stock.† Discover creative inspiration on Behance and learn new techniques using interactive tutorials. Get advanced technical support plus 1:1 Expert Sessions to help your team master new creative skills and workflows. And access help content online anytime or, during business hours, call a dedicated support line with local-language assistance.

Simplify license management.
The web-based Admin Console enables IT to add or reassign licenses anytime with just a few clicks. Billing catches up at your next payment cycle. Deploy apps and updates your way—either handle them centrally or let team members self-install as needed. Either way, they can start downloading and using apps immediately.

Unlock savings.
Get budget predictability and lower up-front costs with an annual Value Incentive Plan (VIP) membership that gives you access to Adobe's creative desktop apps plus exclusive feature updates at no additional cost. Choose your own subscription anniversary date to align with your organization's budget cycle. Enjoy volume discounts for 10 seats or more with VIP.
